All technologies, systems, frameworks, methodologies, standards, processes, designs, concepts, documentation, technical specifications, architectural models, and other intellectual property presented on this website are the exclusive property of Novonanmek Material Sciences Private Limited, unless otherwise expressly stated.

This includes, without limitation, the Hydrogen Logistics Architecture Standard (HLAS), the Hub-Only Pipeline Topology Architecture Standard (HOPT-AS), the Nuclear Repowering Interface Architecture (NRIA), the Nuclear Engineering Interface Architecture (NEIA), the Licensed Project Initiator (LPI) framework, and all associated architectures, operational models, processes, and proprietary materials developed or used by the Company.

All intellectual property rights in the foregoing materials, including copyright, trademarks, trade secrets, know-how, and other proprietary rights, are reserved by the Company and protected under applicable intellectual property laws.

No part of this website or its contents may be copied, reproduced, modified, distributed, published, transmitted, adapted, reverse-engineered, commercially exploited, or otherwise used without the prior written consent of Novonanmek Material Sciences Private Limited, except as permitted by applicable law.

The names, logos, marks, and other identifiers associated with the Company and its technologies may not be used, reproduced, or represented in any manner that suggests affiliation, endorsement, authorization, or ownership without the Company's prior written permission.

Nothing on this website shall be construed as granting any licence, assignment, transfer, or other right to use the Company's intellectual property, whether expressly, by implication, estoppel, or otherwise. Any authorized use of the Company's intellectual property shall be governed by a separate written agreement or licence issued by the Company.

Any third-party intellectual property, trademarks, or materials referenced on this website remain the property of their respective owners.

For permissions, licensing enquiries, or further information regarding the Company's intellectual property, please contact Novonanmek Material Sciences Private Limited through its official communication channels.

Unauthorized use of the Company's intellectual property may result in legal action under applicable laws.
